

## **FUMC TRIPPERS SCOTLAND/IONA PILGRIMAGE**

*September 19 – October 1, 2024*

Iona has been a place of Christian pilgrimage for more than three millennia. It is considered the birthplace of Celtic Spirituality. Additionally, it is home to some of the oldest geological formations in the world, has been an inspiration for Scottish colorist painters and the composer Felix Mendelssohn. Since the 1950's it has been the spiritual home of the modern-day Iona Community— an international, ecumenical Christian movement working for justice and peace, the rebuilding of community and the renewal of worship.

Pilgrims will have the opportunity to engage in a week of worship, prayer, and programmes led by notable worship leader and composer John Bell.

The trip will also include stops in Glasgow, Edinburgh, and the Scottish Highlands.

## GLASGOW, SCOTLAND

Glasgow is the most populous city in Scotland and the third most populous city in the United Kingdom. It is known for its architecture and is home to the Kelvingrove Museum which houses a large pipe organ as well as paintings by Monet, Van Gogh, numerous Scottish painters, and Salvador Dali's controversial *Christ of Saint John of the Cross*. Our time in Glasgow will also offer opportunities to visit the Glasgow Cathedral and Buchanan Street— the hub of Glasgow's shopping and entertainment district.

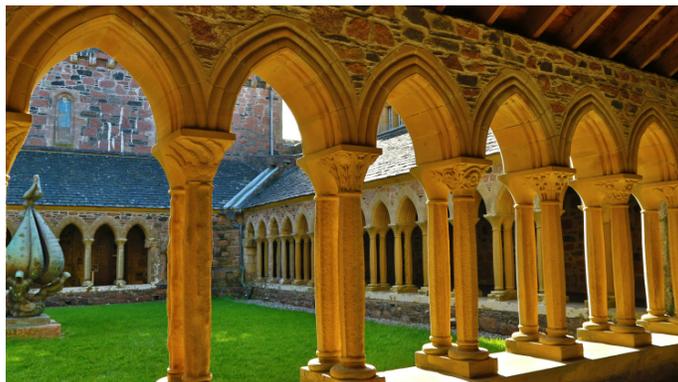

## GLASGOW ACCOMODATIONS

Overnight accommodations in Glasgow will be at the Fraser Suites (at the beginning of the trip) and at the Holiday Inn Glasgow Airport directly across from the airport terminal (at the conclusion of the trip).

## THE ISLAND OF IONA

The bulk of our trip will be spent on the Island of Iona. We will take a train through the Loch Lomond National Park on our way to Oban, Scotland where we will board the ferry to travel across the Isle of Mull to a second ferry and on to Iona. Once there, we will stay in the refurbished monks quarters in the 8<sup>th</sup> Century Benedictine Abbey. We will participate in the programme week led by the Iona Community. See below for a description of this event.

## THE MIRACLE UNBOXED WITH JOHN BELL

The miracle stories in the Bible are that section of the Gospels to which the least attention is paid. It may be that contemporary believers are cynical about them or believe that in time science or anthropology will explain them away. But there are thirty one of them, and no two are the same; and if you removed them from Mark's Gospel, it would be an even smaller book than it is presently.

For a number of years, John Bell has been exploring these stories with people of different ages and attitudes, and is convinced that we should stop looking for 'the right answer' and instead consider how human experience can unlock in them profound spiritual and moral insights which are waiting to be unveiled.
